Image Quality

- ✓ All images are landscape orientation (width > height)
- ✓ Aspect ratios range from 1.50:1 to 2.80:1 (suitable for hero sections)
- ✓ High-quality travel/landscape photography
- ✓ Sourced from reputable travel and tourism websites
- ✓ Suitable for premium travel discovery platform

Usage

These images can be referenced in Next.js using:

```
<Image  
  src="/destinations/kathmandu.jpg"  
  alt="Kathmandu Durbar Square"  
  width={1800}  
  height={940}  
/>
```

Or as background images in CSS:

```
.hero-section {  
  background-image: url('/destinations/pokhara.jpg');  
  background-size: cover;  
  background-position: center;  
}
```

Notes

- All images are optimized web quality (JPEG format)
- Total collection size: ~7.2 MB
- Perfect for destination cards and hero sections
- No AI-generated images (all web-sourced as requested)
